SCOTT RODGERS Head Coach Fifth Year

The Wright State women's soccer team has reached many milestones in the four years that Scott Rodgers has been head coach.

After finishing fourth in the Midwestern Collegiate Conference and earning the first-ever conference tournament win by the program in 1997, Wright State accomplished the near impossible in 1998. The team, after placing fifth in the MCC during the regular season, pulled off three straight upsets in the MCC Tournament to advance to the NCAA Tournament for the first time ever. It also marked the first time that a Raider women's team had qualified for an NCAA Division I tournament.

That list continued to grow in 1999 as the Raiders won the MCC regular-season championship for the first time and made their second straight appearance in the NCAA Tournament, the first time a Raider team had made consecutive trips to a NCAA Division I tournament. As a result, Rodgers was selected as the MCC Coach of the Year and later named as WSU's Coach of the Year.

In 2000, the string of success continued for the women's soccer team as WSU, despite being the third seed, won its third consecutive MCC Tournament at Alumni Field. The Raiders once again appeared in the NCAA Tournament and nearly advanced to the second round, only to fall in double overtime at Marquette.

With that much success and with a new home in Alumni Field, which was the site of the 2000 MCC Tournament, the future is indeed bright for Wright State women's soccer under

Rodgers, who enters his fifth season at the helm.

Before heading up the women's program, Rodgers was an assistant coach on the men's team for three seasons, during which the Raiders compiled a 33-17-6 record. Rodgers' responsibilities with the men's team included player development and recruiting.

Rodgers played in 56 games with 49 starts during his three-year career at Wright State. During that time, the Raiders posted a 35-18-5 record and 21 shutouts with Rodgers on defense. He earned a bachelor's degree in psychology with a minor in business from WSU in 1993.

A graduate of Centerville High School, Rodgers was named first-team All-Midwest, All-Ohio and All-Western Ohio League as a senior in high school. He was also selected as the South Dayton and WOL Player of the Year as a senior as the Elks finished with a record of 14-3-5.

Rodgers, who also serves as an Olympic Development coach for Region II, holds a United States Soccer Federation "A" coaching license. He and his wife, Jennifer, were married in July and reside in Dayton.

SCOTT RODGERS' COACHING RECORD

Season	Overall Record	Conference Record	Postseason

COACHING STAFF

KEVIN ARCURI
Assistant Coach
Fifth Year

Kevin Arcuri enters his fifth season on the Wright State staff after spending several seasons coaching on the club level.

Arcuri has been instrumental in the success of the women's soccer team over the past four years, which includes three MCC Tournament titles, three NCAA appearances and a regular-season MCC championship in 1999.

Along with his duties at Wright State, Arcuri is the director of coaching for the CUSA/Dayton Galaxies F.C. and works Ohio South camps along with various other camps during the summer. He is also part of the Region II Olympic Development coaching staff.

Arcuri, who holds a United States Soccer Federation "A" coaching license, played collegiately at the University of Dayton and was also the head coach of both the men's and women's club soccer teams there. He graduated from UD with a degree in criminal justice and a minor in sociology in 1995.

JOHN MERS
Assistant Coach
Fifth Year

John Mers also returns for his fifth year as an assistant coach and will work with the goalkeepers on both the men's and women's squads.

Strong goalkeeping has continued to be a Wright State soccer trademark since Mers joined the coaching staff in 1997. On the women's side, Randi Freeman has won MCC Tournament MVP honors the past three years and has a career goals against average (GAA) of 1.43 with 12.3 shutouts. For the men, Matt Gibson posted a 0.86 GAA last season and recorded eight shutouts while finishing with a career GAA of 1.21.

Mers played for the Raiders from 1991 to 1994 and is ranked in many of WSU's career statistics for goalkeepers, including minutes played (third with 4906) and shutouts (fourth with 14). His 0.86 GAA in 1992 is fourth on the all-time Raider list and was fourth in the Great Lakes Region that year, earning him First Team All-Mid-Continent Conference and Second Team All-Ohio honors. He then was a First Team All-Ohio selection in 1994.

A native of Westerville, Ohio, Mers played on the professional level as a goalkeeper for the Cincinnati Silverbacks of the National Professional Soccer League.

NICOLE MUEHLENKAMP
Manager

Nicole Muehlenkamp returns to the Wright State women's soccer program this season as a manager for the team.

Muehlenkamp played during the 1998 and 1999 seasons for WSU, recording the game-winning goal against Ohio State as a freshman and scoring goals versus Wisconsin-Green Bay, IUPUI, Youngstown State and Detroit as a sophomore.

A native of Fort Thomas, Kentucky, and a graduate of Highlands High School, Muehlenkamp was a three-time All-Northern Kentucky Athletic Conference selection and all-state twice. She tallied 16 goals and 12 assists as a senior as Highlands was the regional runner-up.

HORIZON LEAGUE

The Horizon League, in its 23rd season of existence, continues to build upon a strong foundation of institutions with a tradition of broad-based athletic programs, led by administrators and coaches who place a constant emphasis on academic integrity, sportsmanship and personal involvement in the community. The league strives to maintain the goals and objectives necessary to achieve prominence as a Division I athletics league.

Renamed from the Midwestern Collegiate Conference on June 4, 2001, the Horizon League has established goals emphasizing the overall development of the student-athlete. It pledges a renewed commitment to the values it has emphasized since its inception: athlete performance, academic achievement, community outreach and personal responsibility and accountability.

The Horizon League, based in India-

napolis, has also established specific goals for upgrading the league's market and competitive position, with an eye toward continually enhancing the student-athlete experience. The league has a commitment to engage both its staff and member-institution administrators and students to serve on national-level committees. The league is an affiliation of nine institutions with similar athletics goals that provide stability and major-market exposure.

Horizon League markets, including five of the nation's top 30 television DMA's, cover more than nine million TV households and encompass nine percent of the country's television audience. The member institutions are generally located in major metropolitan areas and benefit from the business, cultural, educational and entertainment re-

sources available to the university community.

Originally founded in 1979 as the Midwestern City Conference, the League was a men's only sports league, but added women's athletics in the 1986-87 season. The league features both public and private institutions, committed to fielding broad-based NCAA Division I athletics programs that develop physical fitness, academic development, and moral character in its student-athletes. Best known for its men's basketball success, the Horizon League offers a total of 18 championships (nine each for men and women). The League enjoys NCAA automatic qualification in baseball, men's basketball, women's basketball, men's golf, men's soccer, women's soccer, softball, women's tennis and women's volleyball.

WRIGHT STATE UNIVERSITY

Wright State University offers many innovative programs in a variety of areas through 102 undergraduate programs and 46 graduate and professional degree programs.

Our mechanical, materials, electrical, biomedical and computer engineering programs, and the engineering physics program, are accredited by the Accreditation Board for Engineering and Technology (ABET).

Our College of Business and Administration programs are accredited by the American Assembly of Collegiate Schools of Business (AACSB).

The College of Science and Mathematics offers programs in life, chemical, and environmental sciences, and in medical technology, as well as a Ph.D. in psychology.

Russ Engineering Center

Theatre and the arts, along with a strong communication program, highlight the many programs available in the College of Liberal Arts.

The Wright State University-Miami Valley College of Nursing and Health offers both bachelor's and master's programs to prepare students to meet the current and future challenges of the health care profession.

Other care-related professions are found in the College of Education and Human Services, where students prepare for teaching and counseling opportunities in the public and private school environment and in the corporate arena of training and development and employee assistance.

WRIGHT STATE UNIVERSITY

THE UNIVERSITY

✓ The Paul Laurence Dunbar Library's Department of Special Collections and Archives houses one of the world's most complete repositories of original documents, memorabilia and personal photographs from the Wright brothers.

✓ The university's Ervin J. Nutter Center, completed in 1990, provides seating for up to 12,000 spectators for events ranging from basketball games and entertainment to conferences and commencements. It is home to the WSU athletics department and sports medicine facilities.

✓ Wright State University offers the longest running aerospace medicine residency program for civilians in the nation.

✓ More than 62,000 students have graduated from Wright State since 1967, with nearly half of them remaining in the greater Dayton area.

✓ Over 3,000 of Wright State's students live in university-affiliated residences on or adjacent to the 557-acre main campus.

✓ An extensive underground tunnel system links most WSU main campus buildings, whose modern architecture is nationally recognized for being completely accessible to people with disabilities.

✓ Although most WSU students hold jobs on or off campus, many are involved in one or more of the 100 student clubs and organizations that give vibrancy to campus life.

Paul Laurence Dunbar Library

THE WSU WOMEN'S SOCCER PROGRAM

✓ The Raiders, after being the first women's squad at Wright State to appear in a NCAA Division I tournament in 1998, have repeated the feat the past two seasons, becoming the first Raider team to make consecutive Division I trips.

✓ Wright State is in its eighth season as a member of the Horizon League, which has seven members for women's soccer. The Horizon League champion receives an automatic bid to the NCAA Tournament.

✓ While local players dominate the WSU women's soccer roster as 11 hail from the Miami Valley and eight come from greater Cincinnati, the Raiders will also have three players from Kentucky this season as well as one from Canada.

✓ WSU annually plays a tough schedule, as the Raiders have faced such teams as Arkansas, Florida State, Maryland, Michigan, Michigan State, Minnesota, North Carolina, Notre Dame, Texas A&M, Vanderbilt, Virginia and Wisconsin over the years.

DAYTON

WHERE INNOVATION MEETS TRADITION

From the Wright brothers' first flight experiments to the invention of the first self-starting automobile ignition system by Charles F. Kettering, from the cash register to the automated teller machine, Dayton has a strong tradition of encouraging innovation, excellence and service to humanity. Over 900,000 residents and Wright-Patterson Air Force Base call Dayton's metropolitan area home.

Dayton is a place that takes as much pride in historical preservation and parks as it does in high technology. Located in southwestern Ohio's Miami Valley at the confluence of the Great Miami, Stillwater and Mad Rivers, Dayton is a picturesque combination of rolling hills, flowing waterways and open spaces. Dayton boasts more green area than any U.S. city its size. Over 35,000 acres of parks, nature preserves and other greenery beckon you to enjoy your favorite outdoor activities, and a popular river corridor along the Great Miami River offers 26 miles of walking, jogging and cycling.

IN THE HEART OF THE MIDWEST

Dayton welcomes its visitors with big-city amenities and small-town, Midwestern friendliness.

Dayton's central location among Columbus, Cincinnati and Indianapolis puts major collegiate and professional sports activities, cultural events and other recreational opportunities within easy driving distance. It's one of the nation's most accessible (and affordable) destinations. Chicago, Detroit and Cleveland are all within a day's drive, and Indianapolis and Louisville are even closer. Cincinnati is just 54 miles away.

Each year, over 2.5 million people visit Dayton for business and

pleasure. Over 100 festivals and the United States Air and Trade Show, a four-day celebration of flight, delight visitors from all over the nation. The U.S. Air Force Museum at Wright-Patterson Air Force Base, the oldest and largest military aviation museum in the world, has become the nation's number one free visitor attraction.

Other notable places to see include the National African-American Museum and Cultural Center, the Boonschoft Museum of Discovery, the historic Wright Brothers Bicycle Shop and Carillon Historical Park—a museum designated a National Historic Landmark by the National Park Service.

Dayton is strong in the arts. It boasts the Dayton Ballet Company, one of the nation's oldest regional companies, the Dayton Contemporary Dance Company, the Dayton Philharmonic Orchestra and the 82-year-old Dayton Art Institute houses an internationally acclaimed collection of paintings, sculpture and decorative art spanning many cultures and time periods.

About Wright State University

As a relatively young, state-assisted university, Wright State is unfettered by stale traditions. In keeping with the innovative spirit of the Wright brothers, the university offers cutting-edge academic programs and unique community partnerships that prepare students to become alumni ready to succeed in and address the needs of an ever-changing global community.

The university serves more than 15,000 students with programs leading to more than 100 undergraduate and 46 master's, doctoral and professional degrees through six colleges and three schools. Wright State offers innovative educational programs, including doctoral programs in biomedical sciences, human factors and industrial/organizational psychology, medicine, and professional psychology; the longest running aerospace medicine residency program for civilians in the nation; and a post-master's educational specialist degree program. Wright State's theatre, accounting, chemistry, geology, and engineering programs are recognized for excellence. The WSU Lake Campus near St. Marys and Celina, Ohio, offers associate and pre-baccalaureate degrees as well as an M.B.A. program.

Wright State provides a supportive and caring learning environment featuring a 557-acre main campus boasting

beautiful green spaces and new, modern, and fully accessible facilities including an extensive underground tunnel system linking most campus buildings. Over 3000 students choose to live in university residence halls which are equipped with state-of-the-art technology. The Wright State Raiders compete in 16 intercollegiate sports at the NCAA Division I level. Although most students hold jobs on or off campus, many are involved in one or more of the 130 student clubs and organizations that give vibrancy to campus life. The Ervin J. Nutter Center, a state-of-the-art sports and entertainment complex, and other recreational facilities are available to students on a daily basis. Besides intercollegiate athletic events, the Nutter Center hosts convocation, concerts, and other cultural and entertainment events, seating up to 12,000.

Wright State University's faculty is dedicated not only to advancing the frontiers of knowledge but also to applying knowledge to real problems. Most classes are small and taught by fully affiliated faculty members, 80 percent of whom hold the most advanced degrees in their fields. In addition, students gain hands-on experience through a variety of community-based programs, cooperative education, internships, and research projects operated with industry and government.
